REFURBISHED CONTROLLERS AVAILABLE EXCLUSIVELY TO DISTRIBUTORS

MVE/Chart is offering refurbished Micro Dynamic controllers available to distributors only. In the past, only new controllers were available for non-warranted field replacements. These completely refurbished controllers have been thoroughly tested and are immediately available. The controllers offer a one-year warranty at half the cost of a new controller. To order a replacement controller use part number 10717486R for a stand alone type or 10713338R for a cabinet back panel type. These

will be stocked and shipped out of our Burnsville facility. List price on the stand-alone controller (10717486R) is \$750. List on the cabinet model rear panel (10713338R) is \$490. These are replacement controllers for MDC only. Any questions please contact MVE Customer Service or Technical Service representative.
